Product	HIGHJEN Surface Cleaner Tablets
Description	Tablets for the mop bucket: just add water for a powerful clean on all hard surfaces, with a floral scent.
Pack formats	32 tablets (5 g each)

Directions for use

As printed on the pack.

1. Fill a bucket with lukewarm water (recommended: 4–5 litres). Add 1 tablet to the bucket of water. Allow the tablet to dissolve completely. Once fully dissolved, the prepared solution is ready to use.
2. Apply the solution to the surface and wipe with a clean cloth. For floor cleaning, apply using a mop. No rinsing is required under normal conditions. Allow the surface to air dry.
3. Do not mix with other cleaning products. Prepare the solution fresh before each use and do not store the prepared solution for later use. Do not use the tablet undissolved directly on surfaces. Before treating the whole surface, test on a small, inconspicuous area.
