TECHNICAL DATA SHEET

HIGHJEN Trigger Spray Cleaners · Document HXC-TDS-HJ-TSC · Version 2.1 · 11.11.2026

Product	HIGHJEN Trigger Spray Cleaners
Description	Four trigger sprays designed to merchandise as one block — powerful formulas for everyday household surfaces.
Pack formats	750 ml (trigger spray)

Directions for use

Manufacturer's recommendation.

1. **Before use:** Turn the nozzle to the open position and test the product on a small, hidden area first.
2. **Limescale Remover:** Spray onto taps, tiles, shower screens and sinks from about 20 cm, leave for 1–2 minutes (never longer than 5 minutes), wipe with a damp sponge or cloth and rinse thoroughly with water. Do not use on marble or other natural stone.
3. **Stain Remover:** On fabrics, check colourfastness on a hidden seam, spray directly onto the stain, leave for a few minutes without letting it dry, then wash as usual following the care label; not for wool, silk or leather. On hard surfaces, spray, leave briefly, wipe with a damp cloth and rinse.
4. **All Purpose Cleaner:** Spray onto washable surfaces and wipe with a damp cloth or sponge. Rinse surfaces that come into contact with food with clean water.
5. **Surface Cleaner:** Spray onto the surface or onto a soft cloth, wipe clean and buff with a dry cloth. On wood and other delicate surfaces, spray onto the cloth, not the surface.
6. **Safety:** Direct the spray away from your face and use in a well-ventilated room. Do not mix with other cleaning products. Close the nozzle after use and keep out of reach of children.

Typical properties

Parameter	Typical value	Specification
Appearance	Clear liquid, free of sediment, matches standard	–
Colour	According to variant, matches standard	–
Odour	Characteristic perfume of the variant, matches standard	–
pH (neat, 20 °C)	Limescale Remover: 2.0 · Stain Remover: 8.0 · All Purpose Cleaner: 9.75 · Surface Cleaner: 8.0	Limescale Remover: 1.0 – 3.0 · Stain Remover: 7.0 – 9.0 · All Purpose Cleaner: 9.0 – 10.5 · Surface Cleaner: 7.0 – 9.0
Density (20 °C), g/cm³	1.02	0.99 – 1.05
Total surfactant, %	3.0	< 5

Specification approved by the HomeXCare chemist on 11.11.2026 (certificate-of-analysis parameters). Typical values are average values for information; each lot is released against the specification.
