TECHNICAL DATA SHEET

WOOM Scrubbing Sponge · Document HXC-TDS-WM-SPONGE · Version 2.1 · 11.11.2026

Product	WOOM Scrubbing Sponge
Description	Cleans pots, pans, dishes and kitchen surfaces with dual action: extra tough in cold water, soft and gentle in warm water.
Pack formats	1 piece (retail box)

Directions for use

Manufacturer's recommendation.

1. The WOOM 2in1 Dual Action Scrubbing Sponge combines a scrubber and an ultra-absorbent sponge in one piece. It cleans pots, pans, dishes and kitchen surfaces and removes grease and dirt with ease.
2. **Where to use:** Pots, pans, baking trays, dishes, glasses and cutlery; sinks, hobs, worktops, tiles and other washable hard surfaces in the kitchen and bathroom.
3. **Cold water – extra tough:** Wet the sponge with cold water and it becomes firm – for dried-on food, grease and stubborn dirt.
4. **Warm water – soft and gentle:** In warm water it becomes soft – for everyday dishes, glasses and delicate surfaces.
5. **How to use:** Add a little washing-up liquid or HIGHJEN Ultra Power Paste, clean with the scrubber or the sponge side, then rinse the surface with water. Use the smile to clean both sides of spoons and cutlery at once; the eyes give your fingers a firm grip.
6. **Care:** After use, rinse the sponge thoroughly under warm water, squeeze out the water and let it air-dry. Replace it when it is torn or crumbly.
7. **Caution:** On delicate or coated surfaces (non-stick, high-gloss, polished stone), test on a small hidden area first. Keep away from very hot surfaces and open flames.

Typical properties

Parameter	Typical value	Specification
Appearance	Scrubber layer bonded to sponge layer; no tears, cuts or delamination; colour per approved sample	–
Dimensions (L × W × H), mm	Nominal per approved sample ± 5 %	–
Weight, g	Nominal per approved sample ± 10 %	–
Water absorption, g water / g sponge	6.0	≥ 5

Specification approved by the HomeXCare chemist on 11.11.2026 (certificate-of-analysis parameters). Typical values are average values for information; each lot is released against the specification.
